

Banner Health®

### Attention All Ambulatory Prescribers

In response to COVID-19 Banner Pharmacy Services would like to take every measure to ensure patients are able to stay home. Below is a list of pharmacies that will deliver medications. Please indicate on the prescription patient would like medications to be delivered.

#### Please Note:

- AHCCCS and some Medicare part B plans typically do not cover home delivery.
  - Insurances are expected to allow medication delivery during the COVID-19 outbreak response
- Some pharmacies may not have the capability to deliver refrigerated products. Controlled substances may have restrictions and/or require an ID and signature for delivery.
- Some local stores may offer delivery of OTC supplies as well as prescriptions.
- The pharmacy website and/or app will let the patient know if their prescription is eligible.
